BANG! BANG!

If you should suddenly hear five shots from a revolver anytime Saturday afternoon between 1 and 3 o'clock, don't become alarmed because it will be all according to Mr. Hoyle, particularly since Police Chief Eugene L. Mueller will be doing the firing. (Any resemblance to smudging is purely coincidental.)

What the shot will mean is that the "Easter Treasure Hunt" or "Gold Strike", whichever you prefer to call it, will be on. All you have to do is look at all the store windows participating in the plan, make a note of the items listed in the contest, be the first to come in with your returns, and you will be the winner.

But it's not our place to give you the details, you'll find those in a complete story on another part of the page. We just wantd to warn those "faint in heart" not to be unduly alarmed about the gun shots.

UNUSUAL

If you think California has "unusual weather", you ought to read Bob Ruark's column today about how "unusual" things are in Texas and the south. You'll find it as usual on page 4.

NEW PROGRAM

Officials at Padua Hills have undertaken a program to acquaint people in the immediate area with the work they are doing in informing Americans on Mexican culture. They point out that most of their clientale comes from the Los Angeles area and can't understand why more from the Upland and Ontario districts don't attend the shows. But we'll have more to say about this later.

LIVELY ELECTION

Although there seems to be very little likelihood that there will be much excitement in the Upland city elections, both the congressional and assembly races loom as pretty exciting affairs.

GUARD STAG

Just a reminder that the National Guard will hold their first stag since the war tonight. Buffer supper will be served starting at 7:30 p. m., and everybody who can get in is invited to attend. A capacity house is expected at the Ontario Legion clubhouse where the party will be held.

LEGION, TOO

While we're doing some plugging, we might as well mention that the Upland post of the American Legion is having a stag, too, only this one will be tomorrow night at the local clubhouse. Tickets may be secured from any member and again the public is invited to attend. A Dutch lunch will be served, beginning at 7:30 p. m.

MAC FANS

Followers of P. H. "Mac" McQuillen might be interested to know that the "Old Gray Mare" has taken up with some "ramblings" again. One of his inimitable columns appears today on page 4.

BIRTHDAYS

Don't forget, we still want your birthdays.

Drafting of Men From 19 To 25 Suggested By Military Leaders

Odds Still Favor Peace, However, Forrestal Says

WASHINGTON (AP)—The armed services asked Congress today to draft men 19 through 25 years of age for military service.

Secretary of Defense Forrestal told the Senate armed services committee that expansion of U. S. military might is necessary to match that of communist Russia.

Expanding on Forrestal's call for manpower, Committee Chairman Gurney(R-SD) told a reporter:

"Actual veterans of the last war, married men and men with dependents would be exempted from the 19 to 25 year, inclusive, age group covered by the proposed draft."

Gurney said, however, these veterans probably would be subject to the draft: (1) those veterans with less than one year of service, none of which was spent overseas; and (2) those veterans with less than 90 days service, including time overseas.

As Forrestal spoke before the senate armed services committee, President Truman announced he is preparing to give the congress a revised defense program.

Mr. Truman told his news conference he can't estimate yet how many additional billions of dollars the program will cost. Estimates from the defense department have not yet reached him, he said.

Forrestal said the odds still favor peace and the free nations of the world.

Ask Approval

But he asked Congress to approve immediately:

1. An increase in the present authorized strength of army, navy, marine and air force manpower by 349,500 officers and men.

2. Another $3,000,000,000 in cash in contract authority for the armed services to cover this expansion. This presumably would be in addition to $11,000,000,000

SIGHT STRANGE SUBS ALONG U. S. COAST

WASHINGTON, AP — Secretary of the Navy Sullivan today that "recently submarines not belonging to any nation west of the 'Iron Curtain' have been sighted off our shores."

Although Sullivan named no names, Russia is the only nation behind the 'Iron Curtain' known to have any submarine fleet.

Testifying to the senate armed services committee, Sullivan said:

"I am not prepared to evaluate the significance of these sightings. However, we all recall that an early step of the Germans in 1917 and 1941 was to deploy submarines off our coasts."

Truman Calls On U. N. To Act In Palestine

WASHINGTON (AP) — President Truman proposed today the United Nations call Arab and Jewish leaders into a truce parley to halt bloodshed in Palestine.

He said Warren Austin, American Delegate to the UN, will put the proposal before the UN security council.

The President told a news conference the United States reversed its original stand for partition of Palestine because partition could not be enforced without American troops.

Austin, American delegate to the U. N., announced the reversal last Friday. He proposed a temporary united nations trusteeship over Palestine.

Mr. Truman said the United States proposed the trusteeship to provide a government "to keep the peace."

He read to reporters a prepared statement saying a truce must be reached between the Arabs and the Jews "if we are to avert tragedy in Palestine."

He said that the United States would be prepared to back a United Nations trusteeship, but when asked if that meant troops would be needed, he replied, not necessarily. He said he did not believe force would be required to enforce trusteeship.

Marshall Serves Notice To Russ On Reich Union

WASHINGTON, (AP)—Secretary of State Marshall served notice today that the United States will look on further Russian refusal to cooperate in the allied control council for Germany as "aimed against the unification of Germany."

He did this with a news conference statement which also:

Threw helpful weight of American prestige behind General Lucius D. Clay's fight to keep allied machinery in Germany running and behind Clay's determination to remain in Berlin.

Endorsed completely Clay's "Stop Russia" political policy which denies the Russian-sponsored German peoples congress the right to operate in the American area of Germany.

Marshall said the communist-backed peoples Congress "has no legitimate claim to represent the people as a whole and it is practicing a cruel deception on the German people in seeking to impose itself as a substitue for genuine unity."

Congress Votes Rent Control

WASHINGTON (AP)—Congress sent to the White House today legislation keeping rent controls for another year.

Voice vote approval by the Senate completed congressional action on the measure.

It came only a few hours after the House okayed, 220 to 95, a compromise of differing measures originally passed by Senate and House.

Without the legislation the present controls, affecting about 13,000,000 dwelling places and 50,000,000 persons, would end a week from today.

The compromise written by a senate-house conference committee after the two chambers had passed differing bills, modifies the "local option" feature of the house version by giving a special federal court the last word on rent boosts whenever local boards and federal officials disagree.

Memorial Hour To Be Observed by Upland Methodists

A memorial hour of the Lord's Last Supper will be observed tonight beginning at 7:30 o'clock at the Upland Methodist church, the minister, the Rev. Karl K. Heilman, announced today.

Theh evening address, entitled "The Miracle of Memory", will be delivered by the Rev. Mr. Heilman.

Storm Brings .84 Inch Rain To West End

Another welcome rain pelted down on Upland and the West End yesterday and last night, bringing additional moisture to gladden citrus growers.

Estimates of the fall here ranged from half an inch to .84 inch at the San Antonio Heights fire station, and brought to 8.65 the total seasonal precipitation.

The weatherman foresaw clearing skies for this afternoon, but with a few scattered showers over and near the mountains. Warmer weather was forecast for Friday.

Major snowfalls were recorded yesterday in the mountain area. Big Bear reported a six-inch fall with 10 inches of new snow at Arrowhead.

Crestline had 70 inches of combined rain and snow, with a .20-inch at San Antonio canyon and 23 at Camp Baldy reported.

Snow reached blizzard proportions on the ridge route, blocking it for several hours. In Los Angeles, rain water swirled through the streets in one of the season's greatest downpours.

In central and northern California, extensive showers held for promise for easing of the critical power situation.

Agents Tour Kaiser Plant

Extensive changes and additions made since the war at Kaiser steel mills, Fontana, were viewed today by 250 members of the Southern California purchasing agents association in a special tour..

Guests of Kaiser executives F. M. Rich and Fred Borden at a luncheon, the party toured the plant afterwards.

The only tube mill in the west, a new pipe mill and a cold rolled steel mill are among the new additions made since this group last visited Fontana four years ago.

They were also shown the new structural and merchants mills now under construction.

The purchasing agents were headed by their president, A. B. Tietjen, Southwest Welding corporation, Los Angeles; Arthur Baker, executive secretary, and Frank F. Hood, chairman of the tour committee.

CANADA TO BASE ORANGE PRICES ON CALIFORNIA

OTTAWA (AP) — The prices board has announced a system basing all orange prices on those of the California Fruit Growers Exchange. The measure was taken yesterday to prevent Canadian importers bidding excessive prices for oranges from points other than California.

The board said the great majority of oranges sold in Canada come from California. But consumer prices are based on actual landed costs in Canada, so too great a price disparity occurred when oranges from places other than California were received in Canada at higher costs.

Under the new system, the importing wholesaler's price for any oranges will be limited to the price at which he could sell the same variety, size and pack of California oranges purchased from the California exchange, recognized as the pricing center for the world.

VICTIM

Barry LaFave, 8, (above) named New Jersey's "healthiest and prettiest" baby boy in 1941, hanged himself accidently while playing "cowboys and horse thieves" at his home in Audubon, N. J., Police Sgt. Henry Mehrer reported. (AP Wirephoto)

Easter Cantata To Be Given

The Cucamonga Community chorus will present the well-known Easter cantata, "The Seven Last Words of Christ," by Theodore DuBois, at the community church, 8 p.m., Good Friday.

Doors of the church will open at 7:30 and the public is cordially invited to attend.

The chorus, under the direction of Mrs. Winifred Partridge, is a community project consisting entirely of local talent.

Three soloists to be heard are Mrs. Charles Hawthorne, soprano, Bruce Markley, tenor, and the Rev. John R. Haile, baritone. Members of the chorus are as follows:

First sopranos, Mrs. Hawthorne, Kathleen Rollins, Mickey Mortimer, Joanne Haile, Peggy Stephensen, Mary Jean Stephensen and Doska Gregory; second sopranos, Florence Ruth Williams, Barbara Haile, Ruth Gill and Mary Helen Haile; tenors, Bruce Markley, Helen Haile, John Haile, and Mirth Gregory; basses, Gene Plank, Henry Miller, Preston Markley, Alfred Beattie, Ralph Cassell and David Gill.

Mrs. Florence Beckley is organist for the chorus.

Rotarians Hear Labor Law Talk

Since the enactment of the Taft-Hartley bill we have gone through one of the most peaceful periods in our labor history, Dr. Orme Phelps, professor of industrial relations at Claremont college for men, told members of the Upland Rotary club at the Upland Women's club yesterday.

Mr. Phelps made this statement in answer to labor leaders who had predicted when the law was passed that it would result in increased labor disturbances.

Declaring that it actually protects members of the union from unscrupulous officials, Mr. Phelps said that the Taft-Hartley law is a "good law", although it needs strengthening in some parts and goes too far in certain points. He said that union members would be foolish to seek the repeal of a law which is aimed for their own protection.

What happens to the law in the future will depend on three factors, he said:

1. General public reaction.
2. Members of unions must like it.
3. Supreme court must uphold its constitutionality.

Ellery Wright, program chairman, introduced the speaker, while Paul Hottel, president, was in charge of the meeting.

Visiting Rotarians from Ontario included Verne Pittenger, Jack Gaylord, Henry Hickey, K. W. Kaiser and S. Earle Blakeslee. Jim Dorrans, Madison, Wisc., was the other visitor.

Little Interest In Upland City Election

Little interest is being shown in next month's Upland city election although many voters are likely to be at the polls April 1 to choose men for three places on the Upland city council.

Observers agree the principal contest will be among the three men seeking the one "short" term (two year) vacancy on the council. First in the ballot race was J. H. Siegrist, former chamber of commerce president and active civic worker and at present a draftsman. William Tyler, retired businessman, who has long considered the idea of holding public office, and Harry Wright, former councilman, are the other candidates for this position.

All three men are known to most voters with a close contest likely between at least two of them, according to observers.

Eugene G. Nisbet, mayor, whose ability as a presiding officer, is noteworthy, and Ernest Tweed Stone, one of the most aggressive civic workers in the community, are up for reelection. A. B. Allison, who resides at Parkside, is the other candidate for what is known as the regular term. Two places will be filled in next month's balloting. While Mr. Allison is regarded as a capable citizen, the fact that he is not generally known places him in an unfavorable position in the contest against the two long-time residents.

Ray R. Sherwood, who has capably served on the council for many years, is not seeking reelection. The "short term" exists due

Price Files For Assembly

R. Fred Price, candidate to succeed himself as 72nd district assemblyman, yesterday filed nomination papers for that office on both the Republican and Democratic tickets.

Also filing at the county clerk's office yesterday for the office of fifth district supervisor was James W. Gerrard, San Bernardino businessman.

Verification clerks for Mr. Price were his wife, Mrs. Clara B. Price, and James Price, Ontario.

Republican sponsors of his candidacy are as follows:

San Bernardino — Clarence E. Wiley, George N. Voss, Charles H. Dunham, Helen Margery Dunham, George W. Hellyer, John B. Surr, F. W. French, Rose Lee French, W. B. Coombs, Homer R. Scott, J. M. Oakey, William S. Hellyer, Vincent J. Micallef, E. M. Lash, Everett M. Knight and Cooper MacMurray.

Rev. Heilman To Speak at Upland Rites

In union and in separate church services tomorrow, Upland and Ontario residents will gather to observe Good Friday.

Annual joint services are being planned for both Ontario and Upland, and numerous other services will be held by the individual churches.

The Rev. Karl K. Heilman, minister of the Upland Methodist church, will deliver the message of the day at joint services 2 p.m. at the First Baptist church. He has announced his message as "The Cry of the Centurian. . . . 'Truly This Was the Son of God.'"

Readings

The Rev. Lynn T. Lemon, pastor of the church, will preside and will read the invocation opening the services. Responsive reading will be lead by the Rev. W. H. Burton, Nazarene church, with a scripture reading by Lester L. Jesse, pastor of the Mexican church of the Nazarene.

Opening prayer will be given by the Rev. Riall D. Stump, Brethren in Christ church, and special music will be provided by the Beulah college mixed quartet. Dr. Rufus W. Oakey, Presbyterian church, will give the benediction.

The offering to be received at the service will be divided with one-half to be given to the Heifer Relief project and one-half to aid in the work of Junior Jobs, Ltd.

Stores, Banks To Be Closed

In observance of Good Friday, Upland city offices and both local banks are closing tomorrow from noon until 3 p.m., with some business houses expected to follow suit.

All business firms are expected to close their doors between the hours of 2 and 3 p.m., when a community Good Friday services are being held at the First Baptist church.

Officials at the Upland branch, Bank of America and of the First National bank of Upland said their institutions were observing a half holiday.

Business houses, however, will re-open following the service.

In Ontario, business houses are to be closed from noon until 2 p. m., chamber of commerce officials have announced.

Ontario city offices will be closed during those same hours, with banks observing a half holiday.

Name Cushing Optimists Head

Paul Cushing is the new president of Ontario Optimists club following elections held at the regular noon meeting of the organization yesterday. He succeeds Walter J. Rosenbrock.

Other new officers are as follows: Hugh McCallum, vice-president; Bill Wright, second vice-president; Milt Thurber, secretary; Floyd Roden, treasurer, and Verne LaCase, sergeant-at-arms.

The newly-elected officials will be installed at a party and program plans for next Wednesday evening, March 31, at the Casa Blanca hotel. All members, wives and guests are invited. An evening of dancing will follow the installation ceremony.

BRIEF HEADLINES

CHECK PICTURES

TENNY REPORT

Third Party Movement Called 'Creature of Communist Party'

SACRAMENTO (AP) — Henry Wallace's presidential campaign and the third party movement were described as "the creature of the communist party" in a report released today by the state senate committee on un-American activities.

Primarily devoted to listing alleged communist "front" organizations, the document was published by a committee headed by Senator Jack B. Tenney, Los Angeles.

The report termed the third party movement the most recent consolidation of communist political and legislative activity in the United States.

"The third party movement to elect Henry Wallace is a creature of the communist party," the report said, "its policies, programs,

TUCKER-WELCH VOWS GIVEN IN FOOTHILLS CATHEDRAL RITES

Nellie Jeanne Welch, daughter of Mr. and Mrs. James Franklin Welch, 948 North Fifth avenue, became the bride of Franklin William Tucker in rites performed March 20 at the Little Cathedral of the Foothills. The groom is the son of Mr. and Mrs. T. W. Tucker, 408 East D street, Ontario.

Officiant at the rites was the Rev. Karl K. Heilman, minister, and approximately 175 friends witnessed the nuptial rites. For the occasion, the church was decorated with white stock, lilies, snapdragons and potted palms.

Given in marriage by her father, the bride wore a gown of white satin fashioned with a sweetheart neckline and long sleeves. A pearl tiara held her fingertip veil in place and she carried a white orchid and bouvardia on a white Bible.

Miss Mary Lou Roden wore a gown of aqua taffeta for her role as maid of honor, and Mrs. Earl Alexander and Miss Martha Moore served as bridesmaids. Attending as flower girl was the bride's sister, Joanne Sue Welch.

Music for the occasion was provided by Miss Alice Rose Wilson, organist, who played "The Rosary" and "Bridal Prelude", and accompanied the vocalist, Miss Donna Ruth Taylor, who chose "Because" and "O Promise Me".

A reception at the church followed the ceremony, with Mrs. Fred Moore, Mrs. Cecil Pattison, Mrs. Al Korba, Mrs. T. E. Tucker and Mrs. Albert Schmidt assisting in the serving.

The couple will return to Ontario following a week spent honeymooning near Crestline.

A graduate of Long Beach high school and former member of the army air corps, Mr. Tucker is now attending Chaffey college. Mrs. Tucker, a graduate of Chaffey high school and college, is now employed as secretary to F. F. Jensen, realtor.

Folkdancers To Join State Federation

Application for membership in the California Federation of Folkdancers, requirements for which were explained by Floyd Randolph, a dancing master from Pasadena, will be made by the Cucamonga Folkdancers.

Decision to join with the California federation was made at a meeting of the group held last week.

Mr. Randolph taught two dances popular with the federation: To Tur, a Danish progressive dance, and Corrido, a Mexican dance. The Hopak, a difficult Ukranian dance, was demonstrated by Mr. Randolph and Mrs. Viola Hoose of Alhambra. Arthur Relph continued teaching early American folk figures.

Refreshments were served by Mrs. Max Blessant and Mrs. B. C. Thompson. Next meeting of the Cucamonga Folkdancers will be held April 2 from 7:30 until 10 o'clock.

Arrange To Pick Up Food for Rebekah Sale on Saturday

The third degree was conferred on three members. These were William G. Rehkots Jr., and Oscar B. Afdol, both of Chino and Cecil Agnew, Upland.

Another important meeting of Odd Fellows has been slated for next Tuesday evening. At that session, delegates to the state assembly of Odd Fellows will be elected.

Closing Tomorrow

Offices of the California department of employment, Ontario, will be closed tomorrow between the hours of one and three in observance of Good Friday.

PUPPIES THRIVE EVEN WITH 'WOODEN MOTHER'

PASADENA (AP) — Six deserted puppies are thriving today with their "wooden mother."

It's a rack designed by Mrs. Peggy McGarvin of the humane society, who frequently had trouble finding foster mothers for pups whose canine parent died or deserted them while lunch time was still an extremely important business.

The rack holds six nippled nursing bottles at just the right angle. The present batch of setters-shepherd puppies have discovered that it delivers milk with practically natural facility.

In 1942, 64 Negro U.S. children died during the first year of life for every 1,000 live births compared with 37 deaths among white children.

Zionist Leader Hits U. S. Plan For Holy Land Trusteeship

LAKE SUCCESS, (AP) — Dr. Chaim Weizmann said today the recent American decision to abandon Palestine partition can only lead to increased blodshed.

He said the new United States policy constitutes appeasement of Arab aggression and called on the Jewish people to stand firmly behind the United Nations partition plan.

The former president of the World Zionist organization said the United States, in reversing stands, had failed to consider these three basic facts:

To delay a final settlement based on independence will increase confusion and bloodshed; to make Arabs consent a condition of settlement is to rule out all chance of a settlement; and to abandon a judgement (partition) under pressure of Arab violence is to give up an incentive for peaceful settlement.

$100 TURNS UP 2 YEARS LATER

SAN DIEGO (AP) — F. C. Grable put a $100 bill in the license card container of his father's automobile more than two years ago and then forgot about it, he says.

It was found yesterday by H. J. Janke, who bought the car in 1946. He gave it back.

Draft of Men From 19 to 25

already in the budget.

3. Drafting by selective service of men from 19 to 25 years inclusive. He said this would provide 1,355,000 men but added that only about 220,000 probably would be taken. He estimated 500,000 probably would volunteer.

4. A permanent system of universal military training which would become fully effective within three years. Forrestal said this would provide some 550,000 men each year with basic training.

No Details

Forrestal said some of the details of the expanded armed service program must be presented later behind closed doors."

"Because of the world situation as it exists today, there is certain detailed information which we cannot safely disclose in open session," Forrestal said.

The current strength of the armed services is 1,392,000.

No Veterans

Forrestal indicated in his testimony before the senate armed services committee that war veterans will not be included in the draft plans.

He said the 19-25 year age group includes a "total of 3,600,000 male non-veterans."

Exemptions and deferments would reduce that number to 1,355,000 the secretary said. He did not immediately explain the basis for exemptions and deferments but senators have said they would exclude married men.

Division

Forrestal said the 349,500 increase in the regular armed forces would be divided this way:

"The army, by 240,000, from 542,000 to 782,000;

"The navy by 63,000; from 397,000 to 460,000;

"The marine corps, by 11,000, from 81,000 to 92,000;

"The air force, by 35,000, from 364,500 to 400,000."

This would require an additional $3,000,000,000 outlay, he said, which soon will be asked of Congress.

Biggest items in this were listed as: $775,000,000 for aircraft procurement, research and development for the air force and naval aviation.

About $760,000,000 for military personnel costs.

He said the costs of UMT already are covered in the budget and include an appropriation of $500,000,000.

Navy experts say about 90 per cent of airplane accidents are traceaple to human error.

Union Services To Be Held

(Continued from Page 1)

Granada theatre, will be delivered into three units, with the units beginning at 12 p.m., 12:40 p.m., and 1:20 p.m.

Speakers for each section and their topics are the Rev. Donald Head, Bethel Congregational church, "The Passion of the Christ"; the Rev. Carl L. Swart, Church of God, "The Power of the Christ"; and the Rev. R. Merrill Jensen, "The Province of the Christ."

In addition to the joint services of both cities, sponsored by the ministerial unions, several churches are planning individual observances.

Other Services

Congregation of the Ontario Redeemer Lutheran church will observe Good Friday with Holy Communion at their new chapel, 845 Euclid avenue. Worship will start at 8 p.m. and will include an address by the minister, the Rev. A. T. J. Irmer, on "Bequeathing the Hands of Christ."

Services at the First Lutheran church will be held at 7:30 p.m., on Good Friday.

Doors of the Upland Presbyterian church will remain open throughout the day from 9 a.m. until 8 p.m. for those who wish to meditate and pray.

A three-hour service at St. Mark's Episcopal church will be composed of a series of prayers, meditations and hymns, led by the rector, the Rev. John A. Luther. Services will begin at 12 p.m. and continue until 3 p.m.

Postpone Kite Derby Again

Once postponed by rain, the Upland Cub Scout kite flying contest has been rescheduled once more.

The new date, Cubmaster Lew Fuller said today, is Saturday, Apr. 3. The place will be Lone Hill.

Eighteen valuable prizes, donated by the Upland Lions club, are to be awarded in various divisions of the contest.

organization, structure, public relations, personnel, and directing leadership all have followed and now follow the communist party pattern with unbroken monotony."

The report listed as "basic communist fronts" in California the Progressive Citizens of America, Independent Progressive Party, the "Wallace Democrats" caucus in the Democratic party, Progressive A. F. or L. and a student Movement for Wallace sponsored by American Youth for Democracy.

"Behind the facade of specious promises of 'peace, progress, and prosperity' the third party movement has proceeded with mechanical precision, following every twist and turn of the communist party line. It is an American tool of the international communist conspiracy," the report said.

Catalogued in detail were 161 "fronts" alleged to be controlled by communists, and many other groups were described as infiltrated or the object of attack by communists.

Among organizations described as "fronts" were the American Civil Liberties union, American Committee for Democracy and Intellectual freedom, American Communications association (CIO), American Jewish congress, American-Russian institute, American Youth for democracy, California labor school of San Francisco, California legislative congress, committee for the first amendment, Congress of American women. Also, the Hollywood Democratic committee, Independent Citizens committee of the arts sciences and professions, joint anti-fascist refugee committee, marines cooks and stewards association, national council of Soviet-American friendship, and the Hollywood Screen Writers guild.

Truman Says Russia Friendly Nation

WASHINGTON (AP) — Congressional indignation over the shipping of supplies to Russia drew from President Truman today the observation that the USSR at the present time is a friendly nation.

Mr. Truman told a news conference many of the shipments which have drawn fire on Capitol Hill were contracted for by the Soviets two years ago.

Britain Rejects Russ Protests

LONDON, (AP)—Britain rejected today Russia's protest against the United States-British-French negotiations for rebuilding Western Germany's economy.

A firm note to the Soviet government said Great Britain wished "entirely to repudiate the accusations" made by Russia that the negotiations violated the Potsdam agreement.

The note blamed Russia for the breakdown of four-power cooperation for restoring Germany's economic unity.

Canyon Dam Drive Begins

West End officials have been enlisted in a campaign to urge federal appropriation of funds for work on the San Antonio canyon flood control project.

Arthur M. Walker, county chamber of commerce secretary, has urged a barrage of telegrams to the U. S. Senate, a committee of which is now considering appropriations for such projects.

The dam, which is hoped may be started this year, is to be located at the mouth of San Antonio canyon opposite Twenty-fifth street in Upland.

The California congressional committee is pressing for retention of this and other similar projects which had been dropped in committee.

Italy Willing To Negotiate On Trieste

ROME (AP) — A foreign minister spokesman announced today Italy is willing to negotiate directly with Yugoslavia on the question of Trieste and the free territory.

He added such negotiations could be considered by the Italian government only in the spirit of the British-French-American note proposing return of the area to Italy.

The announcement was in reply to correspondents' questions on the possibility of direct negotiations.

The ministry's spokesman emphasized his government's belief that only by eliminating the "discord revealed in the question of the Trieste free territory can constructive peace be reached with our neighbors."

The three western allies announced Saturday they had proposed to Russia protocol to the treaty of peace with Italy which would place the free territory of Trieste once more under Italian sovereignty."

In Bologna, a communist stronghold, a student demonstration for Trieste today ran into opposition from workmen. The Italian news agency Ansa reported the resultant scuffle was broken up by police without causing serious injuries.

Interest in Upland City Election Lags

(Continued from Page 1)

to the fact that Mr. Stone was appointed to fill a vacancy caused by the resignation of John Meek. Appointments is such cases are only until the next election for the unexpired portion of the term.

Usually most city council elections in Upland are "quiet" and the 1948 contest is likely to attract voter's attention only during the few day prior to the balloting.

Mr. Tyler issued a statement recently in which he expressed the desire to "keep Upland the best residential community" and at the same time he said he favored the establishment of "selected industries" here.

California Gaining Allies in Fight To Retain Land on Coast

California's fight against the Federal government's seizure of the tidelands along her coast is apparently winning a lot of support. One hundred chambers of commerce representing 11 Western States recently denounced Washington's action in a resolution.

The action of the Federal government, while materially harmful to millions of dollars in improvements and investments in this state, also poses a serious threat on the matter of principle. If the national government can step in and take what has through the years belonged to the state, who knows what it will go after next in other states?

According to a statement released by the California state chamber of commerce, the ownership of these marginal, submerged lands has been vested in the several states since the Declaration of Independence. California has exercised all rights of sovereignty and control over these lands since its admission to the Union in 1850 and until last year all decisions in the supreme court had upheld this sovereignty.

It is also well to note that the governors of 46 out of the 48 states have gone on record against the Federal government's action. We trust congress will keep these facts in mind when the time comes for legislative action on the matter.

Drawbacks To Attract More Industry To Upland Listed by Morrison

People in Upland who desire to bring additional industry and business into the community would do well to take cognizance of the two drawbacks listed by Andrew R. Morrison, Upland chamber of commerce secretary, upon his return from a trip up north.

Mr. Morrison, who went to Seattle in an effort to "sell" Upland as a site for an industry which is in the market for a Southland location, offers the following as obstacles for attracting new enterprises:

1. Lack of funds for better promotion of the community at large.

2. Inability to offer special inducements such as free land and free taxes over a period of years.

Both of these drawbacks, as Mr. Morrison calls them, can be overcome if enough people are interested in providing those inducements that Upland now apparently lacks. It is something that should be discussed by all groups and some form of decision reached.

By listing the apparent obstacles towards business and industrial expansion simply and clearly, Mr. Morrison has done a service not only to the chamber but the community as well. For now, if we want more business and industrial activity, we know what we have to do to get it.

MAC Talks About Grand Jury

By P. A. McQUILLEN

Having finisher a year—lacking just two days—on the San Bernardino county grand jury and being inflated to a pleasant degree with civic pride and responsibility, I may—and I repeat—MAY—attempt a learned dissertation on the antics of grand juries.

That means if I do this thing—I must not reveal any of the secret arts, acts or parts of this sacred institution—it's innermost thoughts and what not, else this famous author might find himself sleeping on the floor of our county Jusgado, sharing the meagre accommodations with some 50 to 100, excess population for which is provided no four-posters, Testers, or, are they called canopy beds?

As well, my fine friends, I have other hurdles beyond the silencing muzzle of the law. The News-Herald—in the past has not always been enamored or amused by my jousts with teh language and at times has drawn its gorgeous robes aside not to be sullied by such a feeithy amateur. No doubt an attempt to guard the gate of the sacrosanct FOURTH ESTATE.

Yet—and again—there may exist a flock of those Tsetse flies—social climbing among our various winged pests, for at times your third grade Mark Twain becomes hopelessly sleepy when any job becomes a "must" and therefore I care not to harness myself to the literary plow lest it become a tedious treadmill.

To write or not to write?—"zat is zee question".

Do Youse Guys and Gals who scramble for this priceless sheet on your afternoon lawns want to have the dignity of the press disarranged by Mac's silly twaddle? Shall we remove the excelsior from the grand jury shirt? or shall we sign off and let the News-Herald rest in peace?

Cheerfully yours.

All In A Lifetime — A Dog's Life

SIGRID ARNE — Solution of German Problem Is Now All Up To Russians

Russian actions in Berlin the past few days make it look as though another hope may shortly go glimmering: the hope of rebuilding Germany into a healthy, peace-loving nation.

Since the end of the war Berlin has been the place where the four occupying powers — the Americans, British, French and Russians—have worked together in a council. Each power controls a portion of the city, although Berlin itself lies in the eastern section of Germany which Russia occupies.

But now the communist papers in Berlin are suggesting that the westerners get out.

Saturday the Russian delegate, Marshall V. D. Sokolovsky, walked out of a council meeting.

The Russians charge the three western powers have broken all their pledges to run Germany as a unit. But that is exactly what the western powers have thought of the Russians all through 1946 and 1947. The immediate action which angered Sokolovsky was the fact that the British, French and Americans met in London last week to talk about commerce in their three western sections of Germany.

Ever since the war ended, the four-power meetings in Berlin have had trouble because the Russian delegate either delayed or refused to agree to plans which the other three approved.

The most annoying difference has been over the use of goods which the Germans themselves produced. A definite plan was laid down for them at Potsdam, where the Americans, British and Russians met in midsummer 1945 to plot Germany's future.

They agreed that any surplus goods turned out by the Germans should be put into a pool. Those pooled goods were to be sold abroad to pay for things the Germans would have to import.

The westerners waited for some move from the Russians to chip in.. German food was grown in the Russian sector. But no goods ever showed up. The Russians made no reports on what their sector was doing. No officers from the western powers were permitted to take a good look-see at the Russian sector.

And while this was happening British and American taxpayers were asked to shell out hundreds of millions to feed the Germans in their area.

Finally, early in 1947, the British and Americans merged their sectors in all business deals to try to cut down the cost to the folks at home. They left the gate open for the Russians, but no Russian knocked.

Last week the Americans, French and British met in London to talk about Western Germany. American goods will shortly begin to move into Western Europe, and Western Germany has to be fitted into the picture because it can contribute steel to the general rebuilding of Europe.

Thereupon Sokolovsky read an angry speech to the council in Berlin—and walked out. The Russians, being chairmen this month of the council committees in Berlin, called off committee meetings.

Does it mean they are through with cooperation with the allies over Germany's future? Will they continue to boycott council meetings next month, when the Americans become chairmen of all the committees?

The Russians stand to gain if they break up allied control of Germany. Their troops already occupy eastern Germany. If the allied council breaks up they could merely add eastern Germany to the large area of foreign soil they now control.

The next step is up to the Russians.

BOB RUARK — There's 'Unusual' Weather in Many Parts of South, Too

EL PASO, Tex. — The leaves turn funny colors and the fish are dying and the oysters are sick. People see strange shapes in the sky, the weather is horrible, and frankly, I am not feeling so good, either. I think my molecules have been disarranged.

I have recently lived through a couple of days of Texas sandstorm which the natives say is highly unusual. It isn't unusual at all. Somebody just told the sand and the wind that I was coming to town, and they set to work immediately.

This has been a great trip, so far. It seems to me that the object of my quest, when I departed New York a couple of months back, was to see if the sun had been totally destroyed. I was going to say goodbye to snow; I was going to chuckle selfishly as I journeyed, ostensibly to labor, but really to get warm.

Let me see. I went to Chapel Hill, N. C., and during the week I was there it snowed 14 inches. People said it was highly unusual. It didn't snow in Birmingham, Ala., although the weather man kept saying it was supposed to snow. It just rained. And blew. And rained some more. And a friend of mine, with whom I was riding, got arrested for reckless driving. The cop was in a bad temper and said riding along at 18 miles an hour in the rain and fog constituted reckless driving. That was highly unusual, too.

Nothing much happened in Mississippi except it rained and the typewriter quit under fire. The bell boy took it to the repair shop and forgot to go after it before the shop closed. He said he would send it to me in New Orleans, where I was headed. Except I went to Memphis. This is what comes of trusting bellboys. The one that put my bags on the train said sure, this train went to New Orleans but the engineer didn't hear him. The engineer was busy driving the train to Chicago, and the only reason I didn't go to New Orleans from Mississippi by way of Chicago is that some kind friend tipped me off. I suppose Memphis is all right, but it sure is lonesome in the middle of a cold night.

Albuquerque was great. It only snowed three or four times in one week—highly unusual weather—and I didn't get gored by any livestock. I mention this because I almost got et up by a tame bull in Houston. At least the man who owned him said he was tame. He was pretty evasive about it when I asked him why he climbed the fence so fast, if the bull was tame.

Which brings us to El Paso, the city of sunshine. El Paso has been having a rough time. It snowed on New Year's Day and the mayor threatened to jump off the bridge into the Rio Grande. And now they have sand storms. A sand storm is the Texas equivalent to April shower, and it means you have to mine the atmosphere with a pick before you can breathe. Highly unusual, though.

I bought a watch here. Prettiest watch you ever did see. The only thing wrong with it is that the hands run backward. That means that the only time I get even with Father Time is at noon and midnight. Highly unusual watch.

To date I have been appointed an honorary Texan and an assistant mayor and I think, a colonel in New Mexico. I have had sinus and only the slightest touch of food poisoning. The pegs are coming through the soles of my genuine solid platinum cowboy boots, I have begun to moult my mustache and my wife went to Mexico and won't come home because she says she doesn't want to bring foot and mouth disease into the United States and they have inflation in Mexico too.

It seems to me I have had about enough of this sun-chasing and gay adventure on the open road. After stop off in New Orleans to look for my typewriter and find out how the sick oysters are coming along, I think I will go back to New York for a spell. But one thing I will bet you: It will be snowing when I step off the plane—provided, of course, the plane doesn't decide to take me to Inner Mongolia.

I wonder how they say "highly unusual" in Tibet.

Britons Going In For More Divorces Now

AP Newsfeatures

LONDON—Britons are going in for divorce far more than they did before the war.

Crimes by women have doubled since 1935, while those by men have risen by 50 per cent.

These changes in Britain's national life, are shown in the first post-war publication of the annual abstract of statistics for the United Kingdom.

The abstract, issued by the central statistical office, shows the drift of population from the rural districts in England and Wales continued. More marked was the movement of people from the north to the south of England. There was a large decrease in the civil population of the London southeastern region.

Rail Transportation For Freeway Seen

LOS ANGELES (AP) — Councilman Lee Warburton, representing the San Fernando valley, has proposed an alternate route for the Hollywood freeway that would include rail transportation.

Warburton's route would commence at a point on Van Ness Ave., Midway between Hollywood and Sunset boulevards, and proceed Via Selma Ave., and Highland Ave., to Cahuenga Pass.

"There will not be rapid transit facilities to a large part of the San Fernando valley unless this is done," said Warburton. The resolution was referred to committees.

New records for low death rates in the United States were set in both 1946 and 1947.

Today's Birthday

(If you have a birthday this week or this month, call it in to 311-06 and we'll include you in this column.)

ARTURO TOSCANINI, born March 25, 1867, in Parma, Italy, is, at 81, still acclaimed as the greatest orchestral conductor of his time. He conducts without score, demands perfection and works slavishly to obtain it. He fought fascism with such actions as refusal to play the party hymn at a patriotic festival. Among orchestras he has conducted are La Scala Opera, Metropolitan Opera and New York Philharmonic Symphony.

LOCAL BIRTHDAYS

Mrs. Francis Wilson, James E. Richmond.

Meet Tomorrow

The Pomona Valley Bruin club will hold a dinner meeting at the Claremont Inn at 6:30 o'clock tomorrow night, Howard Perkins, president, announced today.

Motion pictures of the California centennial will be shown to members by the Standard Oil Co. All alumni, former students and friends of UCLA are invited to attend.

Sport-O-Graphs

By DON BENSON

In Bill Corum's nationally syndicated column of Mar. 23, he stuck his neck out, as far as we are concerned. He gave quite a bleat about the BEST major league teams being smart enough to train in some such God-forsaken place as Florida, while the rest of the clubs trained in Arizona and CALIFORNIA. That hurt, and how it hurt!

Corum must be a charter member of the Florida chamber of commerce, to write such hogwash. Any 10-year old kid (Cal. kid, that is) could tell him that the California sunshine, plus the undisputed fact of more days of weather that permits more training time with the club, and it doesn't make sense.

Corum cites the fact that ex-manager Frankie Frisch of the Pittsburgh Pirates used to insist that no matter how well conditioned the Pirates were when they left their training camp at San Berdoo, they always arrived "bushed" and "banged" up in Pittsburgh. To that we ask this: Was it California's weather fault that had the "front office" of the former Pittsburgh owners play umpteen dozen exhibition games all the way back from Cal. to Pittsburgh? They used to have more "one-nighter's" than Benny Goodman's old band, and the only stop they failed to make was little Earlham, Iowa, for an exhibition game. (Earlham is on the small side or they would have stopped there, probably.)

We liked the "plug" that our writer of "Tales of Two Cities" had for Kenny Smith recently. As the columnist said, it is Kenny's desire to help the young and under-developed players to have the chance to play, so that they may reach the eyes of scouts and advance themselves for the big opportunity, that he gives so much of his time and efforts, plus all too often a wad of sheckels from his own pocket.

Ask any that have worked with Kenny in his baseball activities, and I'm sure that they will say the same thing. The work that Kenny has done is better illustrated by the number of players from his various teams that have been inked to contracts with the clubs that are under the big tent.

The L. A. Dons of the All-American football conference has sent out dispatches that it's 1947 "Football for Thrills" movie is available for service clubs, industrial firms, churches, Scouts, and any organization interested in seeing this film. The Dons put this on each year and send along several of their players and coach to give a short but interesting talk at the time the film is shown. The club does this free of charge for the publicity and good-will that it creates.

Last year the General Electric Athletic association had the film of the '46 games and an assistant coach, Ted Shipkey, out to show it. However, the rains come the neght selected, and the turnout was small.

This year the G.E.A.A. will have them again for the employes (and friends) sometime in the middle of April, probably around the 15th or 16th, and the Dons have promised to send out "Toeless Ben" Ajajanian, the peerless place-kicker.

If any club or such is interested in having this film expertly put on for-free, just contact Nye Williams at 607 So. Hill St., L. A., and arrangements will be made.

COACHES OLYMPIC CANDIDATE

Maj. Robert L. Simpson (left), former track coach at Missouri and Iowa, instructs T/4 Robert Watanabe of Salinas, Calif., in taking a starting position at the Lockland Air Base, San Antonio, Tex. Watanabe is one of 40 air force and army men whom Simpson is training as most likely material for the American Olympic tryouts in Chicago in July. (AP Wirephoto)

BASEBALL-TRAINING BRIEFS

SARASOTA, Fld. (AP) — Tex Hughson's question-mark pitching arm gets its first test today when the Boston Red Sox entertain the Cincinnati Reds.

Hughson will have a makeshift Sox lineup behind him. Ted Williams, Vern Stephens, Dom DiMaggio and Bobby Doerr are out with minor ailments.

SAN BERNARDINO (AP) — Manager Zach Taylor says wildness of the pitchers is hurting the St. Louis Browns' exhibition record—seven losses and three wins.

In the last three games Brownie pitchers have walked 29 batsmen.

SAN FRANCISCO (AP) — The weather on the west coast is proving so disagreeable that Manager Mel Ott is sending some of his New York Giants back to Phoenix to complete their training.

LOS ANGELES (AP)—The Chicago White Sox have nominated Joe Haynes and Pete Gerbrian for pitching duty today against the Cleveland Indians.

The Sox plan to start toward home after Sunday's exhibition with the St. Louis Browns.

LOS ANGELES (AP)—Versatility may land newcomer Ray Boone a position on the Cleveland Indians' roster—the 24-year-old rookie can both catch and play shortstop.

Boone prefers shortstop but wouldn't mind hanging around as a utility man, he says. So he may be kept as No. 2 shortstop and No. 3 catcher.

Navy is the only government school ever to play in a Bowl game—the Rose Bowl of 1924.

Now that the Dons have signed Jimmy Phelan as head coach for the next three years, we think that the Dons will start to come into their own as the best pro outfit in the country. Jimmy should be remembered for his many years as coach at Washington U., where he finally caused Howard Jones at S. C. to use his strongest swear words, by saying: "Gol darn it, I'll beat him if it's the last thing that I ever do!". Howard could kick the pants off of the rest of the conference coaches for the most part, but he had a devil of a time with Washington.

Because Phelan, who was quarterback for the first team that the immortal Knute Rockne ever coached at Notre Dame, couldn't throw enough bones to the ever-hungry alumni of Washington and because he didn't like someone telling him to do this and that, he left with his little duffle bag for the campus of St. Mary's.

At St. Mary's, during the war years, he was lucky enough to come up with "Squirmin' Herman" Wedemeyer, the Hawaiian Hipster. Happy Herman has lots of help back in '46, but last year the supporting cast was woefully weak. And by the strangest coincidence, Wedemeyer is now signed to a Don contract!

All-Star Cage Classic Tonight In New York

NEW YORK (AP)—A spectacular, high scoring exhibition is expected tonight when East meets West in the third annual All-star basketball game.

A large gathering of pro scouts and coaches will be on hand.

Both squads are big and husky and for once the East will have an edge in both height and weight. The Easterners, coached by Navy's Ben Carnevale, average 6 feet 3 inches and 194 pounds. The Westerners, piloted by Notre Dame's Moose Krause, average 6-2 and 182.

Both coaches are jubilant over the wealth of material but are stumped over whom they will start. They said all players will participate.

Each section has one victory. In the first game in 1946, Joe Lapchick's Easterners won over Harold Olson's Westerners, 60-59.

Hank Iba's Western stars equalled the count last year with a 66-58 triumph.

The squads:

East—Bob Mulvihill, Fordham; Odis Spears, Western Kentucky; Adolph Schayes, NYU; George Hauptfuhrer, Harvard; Bob Gale, Cornell; Leo Katkaveck, N. C. State; Bill Gabor, Syracuse; Lionel Malamed, CCNY; Leland Byrd, West Virginia; Ed Feber, Trinity; Walt Budko, California.

West—Gene Berce, Marquette; Otto Schnellbacher, Kansas; Jack Burmaster, Illinois; Andy Wolfe, California; Thornton Jenkins, Missouri; Murray Wier, Iowa; Dan Miller, St. Louis; A. L. Bennett, Oklahoma A. & M.; Dick Shrider, Ohio U.; Alex Hannum, Southern Calif.; Ed Mikan, DePaul; Dernie Ferrin, Utah.

HALL SIGNS

SAN FRANCISCO (AP)—"The Scooter" will scoot for the San Francisco 49ers of the All-America pro football conference next fall.

Halfback Forrest Hall signed a contract, reported for about $8,000 yesterday.

JUNIOR LOSES TO CALF IN THIS EVENT

Free of the chute, this calf loses no time in unseating his young rider, farmer Marvin Gurr of Merced, Calif., who found the rope little help. It was all part of the show at the Grand National Junior Livestock Exposition in San Francisco. (AP Wirephoto.

IRISH CHAMP SINGS 'EM TO SLEEP

LONDON (AP)—Rinty Monaghan, the new world flyweight boxing champion, is an effervescent little Irishman who sings over the prostrate forms of his victims.

His theme song is "When Irish Eyes Are Smiling" and he crooned it Tuesday night at Belfast after hammering Jackie Paterson into a numb hulk in the seventh round of a fight to settle their claims to the world 112-pound title.

Singing got Rinty into the ring. He was admitted to a Belfast fight when only a kid to sing and jig between bouts.

Many a boxer has vowed to silence the voice of the long-nosed grinning opponent, but Rinty is still taunting them with tunes. He even plans on doing vaudeville circuit between defenses of his new world title.

Slate Tryouts For Players

Youths of this area interested in playing summer baseball, either with National Junior baseball league or American Legion teams, today were summoned to the first of a series of tryout camps.

Kenny Smith, president of the National loop, will register youngsters at Galvin park Saturday afternoon at 2 p. m. A similar camp is to be held shortly in Upland, he adds.

Smith also issued a reminder on the Pirates-Scoremaster ball game Sunday at Galvin. Don Schrop has been nominated to pitch.

Buckeye Fullback Signs With Browns

COLUMBUS, O. (AP) — Ollie Cline, flashy fullback, today surrendered his final year of eligibility at Ohio State to sign with the professional Cleveland Browns, two-time champions of the All-American conference.

Cline's announcement that he had signed came as another staggering blow to Coach Wes Fesler's 1948 grid hopes at the Buckeye university.

Earlier, star halfbacks Bob Brugge and Dean Sensanbaugher gave up their final season of collegiate eligibility to join the Cleveland club.

GRID BROADCASTS

PALO ALTO (AP)—The Pacific Coast conference's top football games may be broadcast nationally next fall.

Associated Oil Co. has had an exclusive football broadcasting contract under which coast games were aired only in the west. Unconfirmed reports say that contract will not be renewed.

"Once a Customer
Always a Customer"
We have observed that policy for years.
For years we have tried to make that statement true by giving every customer the type of service that will bring him back again and again. We are in business to serve our customers and every person must be completely satisfied before any transaction is completed.
Every job is guaranteed.

Cub Scouts in Workouts Tonight

Continuing to drill for their forthcoming Golden Gloves program, Upland Cub Scouts will meet tonight at the junior high school gymnasium for another evening of boxing instruction under Coach Dick Pehl. Time is 7 p. m.

Due to a conflict in dates, it's likely that the Golden Gloves bouts may be set up several weeks, Cubmaster Lew Fuller has announced.

The original, tentative date set was for the last week of May. Under revised plans, however, the bouts may be put on earlier—perhaps during the first or second week of that month.

The following programs are compiled from reports provided by the broadcasters. We assume no responsibility for last minute changes or their part.

ITALIAN ELECTION CAMPAIGN

Will Italy go communist or not is the question on the minds of people the world over as the date of the election—April 18—comes closer and closer. In the top picture Premier Alcide de Gasperi of Italy is shown addressing an estimated crowd of 70,000 people in the public square at Bologna, Italy, telling them that Russia and four other Cominform countries had founded a "special secret committee" to "synchronize the conduct of communist in Italy and France. Below, Luigi Longo, secretary of the Italian communist party attacks the government of de Gasperi. (AP Wirephoto.)

VETS PICKET RUSSIAN SHIP

Catholic War Veterans march in a picket line on a Jersey City, N. J., pier where the 10,000 ton Russian freighter Chukokta was being loaded with tractors, farm and industrial machinery and automotive parts for the Soviet Union. The vets sought nation-wide boycott on all shipments "which might be used in war against us." (AP Wirephoto)

LOOK, NO HANDS! — E. F. Worrall, 77 years old, rides bike without using his hands at Excelsior, Minn. He said he was riding to a skating rink to do some "fancy didos."

THEIR CHILDREN DROWNED

"They belonged to God, not to you," Mrs. Ann Halling, 28, tells her grieving husband, kneeling, after their two children drowned in a lake at St. Petersburg, Fla. Magistrate John T. Fisher said the children, Alexis Mari-Anne, 5 months, and Ralph R. Halling, were thrown into the lake by their mother, who tried to drown herself. —AP Wirephoto.

IDENTIFIES DANCE HALL VICTIM

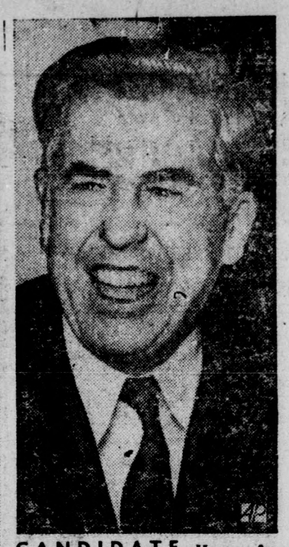

John Hunt, husband of Mrs. Anne Hunt, sobs as he identifies his wife as the woman who died when the dance hall over the Lakeview Bowling alleys on North Clark street, Chicago, collapsed during a St. Patrick's day celebration. Mrs. Hunt, 35, mother of four, was trapped between ceiling and floor. Police Officer Francis O'Conner solaces the husband at an undertaker's. LEGISLATURE

Senate May Accept Budget as Boosted by Assembly, Report

SACRAMENTO (AP) — Senate consideration of the assembly amendments to the $952,278,538 state budget was set for today.

Although it had been generally believed several changes in the spending program made by the lower house might meet opposition in the senate there was some talk prevalent that the upper house may accept the budget as it is and leave it up to Governor Warren to determine what, if any, cuts should be made.

In this event adjournment of the budget session would be expedited. Leaders in both houses expressed the belief business could be completed by Saturday night and adjournment taken before the Easter Sunday, March 28.

The assembly worked until nearly 11 o'clock last night to catch up on its calendar.

A proposal for a constitutional amendment to authorize a $250,000,000 bond issue to aid school districts in building additional schools or class rooms lost on a motion to withdraw the measure from the adverse constitutional amendments committee. The vote was 33 to 29 but 54 votes were needed.

Counties and cities are unlikely to catch up with the building needed to take care of the state's phenominal growth for many years, without state aid declared Assemblyman Francis Dunn, Jr., Alameda. Rich or poor districts alike can not meet their obligation, he said.

Most of the teeth today were out of an assembly constitutional amendment to govern operation of liquor establishments after Dec. 31, 1948. It was sent out to reprint and restored to a place on the calendar.

Tells How Russ Got Engines

WASHINGTON (AP)—A Dallas, Tex., airplane engine broker, told Congress today that at least 46 warplane engines he bought last year from the War Assets Administration were eventually sent to Russia and Poland.

Leroy H. Lucky, the broker, said they were new engines, built for B-24s and suitable for bombers or troop-carrying planes. He told his story to a House subcommittee investigating WAA sales. In brief, it was this:

Lucky was in the business of buying the engines, fixing them up and selling them. He bought 1,400 from the WAA last year and does not know where all those he sold finally wound up.

Once he bought 106 new engines for $28,000. They had cost the government "over a million dollars". For all his purchases from WAA he paid an average of $210 an engine and sold them for as high as $2,500 to $5,000 each. Repair costs were about $1,000 each.

Lucky said the 46 engines he knows went to Russia or Poland were sold to Richard F. Finckie, president of the Alpine Corp., Washington.

In June, 1944, the number of American men listed by their draft boards as physically, mentally or morally unfit for military service totaled 4,200,000.

Hopes Soar for Drought Break

SAN FRANCISCO (AP) — Hopes soared today for an appreciable break in California's costly drought as more rain was forecast for most of the state.

A general rain yesterday from the Oregon border to San Diego brought some relief to ranchers and helped late crops.

But the general drought conditions were so severe that weather and Pacific Gas and Electric officials said much more rain would be needed.

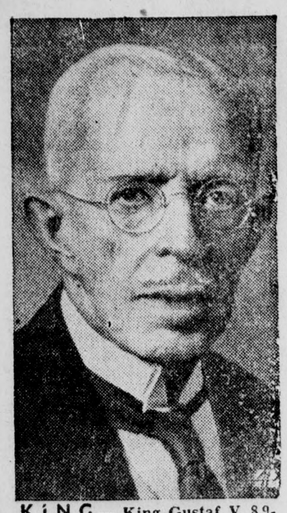

The drought, responsible for a power shortage that put the state on daylight saving time and caused a general 20 per cent reduction in industrial electrical power, is 14 months old in some sections.

Reservoirs are still far below normal. Rainfall in some sections was 50 per cent below normal after yesterday's generous downpour.

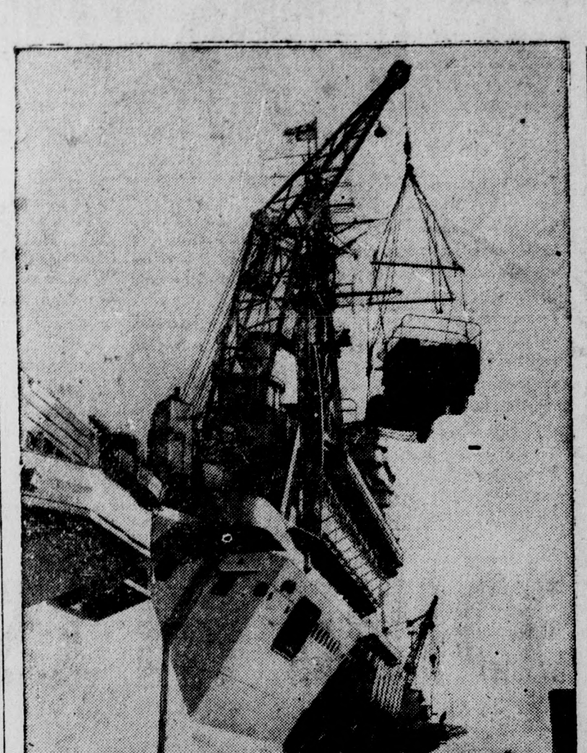

Gets 1,789 Proposals

Illona (above), who came to the United States to marry a G.I., only to find he had married, faced return to her native Salzburg until a newspaper columnist told her story but withheld her identity. She received 1,789 proposals in a week, and married a locomotive engineer. She is shown in Minneapolis, Minn., and will live in a small Minnesota town. (AP Wirephoto.)
